

The Lane Construction Corporation understands that Quality has a direct impact on our customers, employees, products, communities, and values.

We are committed to performing as a Quality-focused organization by Executing with Excellence and Continuous Improvement.

- We will make Quality a primary objective of all employees, regardless of title, by communicating our Quality Policy throughout our organization.
- We will recognize who our customers are throughout our organization and strive to meet or exceed their expectations.
- We will measure to ensure we are delivering Quality work throughout our processes, making improvements as necessary.
- We will plan our operations and communicate with all parties involved to ensure continuous improvement.
- We will hold each other accountable for Quality work.
- It is our goal to deliver a quality product the first time.
